

Heitz Cellar 2010 Trailside Vineyard Napa Valley Cabernet Sauvignon

We've had this for a year or two and decided to open it for Easter dinner. **Aromas of vanilla, plums, and other dark fruit.** On the palate **silky tannins, excellent acid balance and tons of fruit.** Even if you think you don't like cabs, if you can find this you'll love it.

[Heitz has quite a library available on their website.](#) You can **pick up a bottle of this for a mere \$80.** It looks like this was the last vintage from this vineyard. Get it while you can.
